Online public meeting video recording

We would like to extend our thanks to everyone who attended the online public meeting last Thursday (07 January 2021). We are grateful for all the thoughtful questions and feedback we received from attendees in response to the latest design elements.

For anyone who was unable to attend, a full recording of the event can now be found on our website here: <https://bit.ly/2LK3FDO>

Planting palette

Over the past few weeks, many people have mentioned the importance of trees. Our expert horticulturalists and arboriculturalists, working with our landscape architects have devised a comprehensive planting palette. Designed to ensure the trees will thrive in the local conditions and contribute to people's enjoyment of the new development for many decades to come.

The species being considered include: *Cercidiphyllum japonicum*
Photinia x Fraseri 'Red Robin' (Pleached), *Parrotia persica*, *Betula utilis*, *Betula albosinensis*, *Picea pungens*, and *Acer palmatum* 'Phoenix'.
